Membership Application

The Council of Licensed Firearms Owners represents the interests of firearms owners and is the largest voluntary shooting-related organisation in New Zealand.

COLFO was set up in 1996 by a number of interested individuals and groups to combat firearms-related disinformation. COLFO takes a professional approach using sound research to dispel the inaccurate and emotive claims of self-proclaimed anti-gun "experts".

Any person or organisation whose objects and practices are supportive of COLFO's objectives can apply to join.

COLFO's objectives are:

- To represent the collective interests of members through the preservation of the rights and privileges of licensed firearms users and collectors, promote responsible gun ownership and act as a central reference point for government, the police, and the media.
- To be recognised as the collective organisation whose views and opinions on firearms legislation and related matters are considered representative, authoritative and responsible.
- To affiliate firearms user groups and firearms related organisations which are supportive of the first objective and which collectively seek to advance that object.
- To undertake such actions, research, and inquiries that are necessary to achieve the first objective.
- To prepare and disseminate any information that would enhance the well-being, rights and obligations of members.

Join COLFO today and support responsible firearms users.
